

**Title:** Ativan Storage

Before	After
<p>Multistep process taking at least 4 minutes to retrieve a dose of Ativan, potentially having a patient incur a seizure for a longer period of time</p>	<p>Fewer steps, retrieving Ativan takes less than one minute</p>

**The Effect**

Quicker delivery of a dose to a patient with full accounting for the dose given.

Name/Team Members	Department	Date	Benefit and/or Cost Savings (Optional)
Pam / Judy	PICU/Pharm	3/1/2012	Decrease RN time to dose
